We respond to your letter dated November 15, 1999 requesting rulings on certain federal income tax consequences of several proposed transactions.

The rulings given in this letter are based on facts and representations submitted by the taxpayer and accompanied by a penalties of perjury statement executed by an appropriate party. This office has not verified any of the materials submitted in support of the request for rulings. Verification of the information, representations, and other data may be required as part of the audit process.

Summary of Facts

Company, a mutual life insurance company within the meaning of § 816(a) of the Internal Revenue Code, is the common parent of an affiliated group that has elected under § 1504(c)(2) to file a life-nonlife consolidated federal income tax return with its subsidiaries. As a mutual life insurance company, Company has no authorized, issued, or outstanding stock. Instead, insurance policies entitle their holders to both insurance coverage and certain equity-like rights in Company ("Membership Interests"). Membership Interests include the right, if any, to vote and rights, if any, to surplus not apportioned or declared by the Board of Directors for policyholder dividends, including the right to receive a share of Company's surplus on liquidation or reorganization.

Company wholly owns IHC, FS1, FS2, each of the OFsubs, S1, S2, S14, each of the PAMsubs, LLC3, LLC4, and the Division. S1 wholly owns Branch. S2 wholly owns S3, S7, S11, each of the TAMsubs, S12, and S13. S2 also owns part or all of each of the Osubs and the FOsubs. S2 also owns a percent of S8. S3 wholly owns S4 and S5. S5 wholly owns S6. S7 owns a percent of S8. S8 wholly owns S9 and S10. S10 wholly owns LLC1, which wholly owns LLC2. LLC1, LLC2, LLC3, and LLC4 are disregarded as entities separate from their owners pursuant to § 301.7701-3(b)(1)(ii) of the Income Tax Regulations.

Company and S1 each conducts Business A. FS1 and FS2 each conducts Business B. LLC1, LLC2, S11, and S14, each conducts Business C. S4 and S6 each conducts Business D. S8 (through S9) and S10 (through LLC1 and LLC2) each conducts Business E. S12 and S13 each conducts Business F. We have received financial information indicating that Business A, Business B, Business C, Business D, Business E, and Business F, as conducted by the specified entities, each has had gross receipts and operating expenses representing the active conduct of a trade or business for each of the past five years.

Subject to approval by the appropriate regulatory authorities and the vote of its policyholders, and for what are represented to be good business reasons, Company intends to convert under State A law into a stock life insurance company wholly owned by a new publicly traded holding company (the "Demutualization"). Immediately after the Demutualization, Company will restructure its affiliated group along business lines (the "Realignment").

Proposed Transactions

Demutualization

Company has contributed nominal capital to newly formed, wholly owned Parent, a State A corporation, in exchange for Parent voting common stock (the "Formation Shares"). Before the Effective Date, as defined in the Plan of Demutualization (the "Plan"), Parent will have no assets (other than the nominal share capital) or liabilities and will not conduct any business.

On the Effective Date, the Demutualization will be completed by operation of State A law, as follows:

- (i) Company will become a stock company, will issue to Parent b shares of its voting common stock in exchange for shares of Parent common stock that will be transferred to Eligible Policyholders in steps (iii) and (iv) below, and will surrender the Formation Shares to Parent for cancellation.
- (ii) All Membership Interests will be extinguished.
- (iii) Certain Eligible Policyholders, including certain Eligible Policyholders who elect to take stock in lieu of cash, will receive Parent common stock in exchange for their extinguished Membership Interests (the "Participating Policyholders").
- (iv) Other Eligible Policyholders will receive either cash or policy credits in exchange for their extinguished Membership Interests.

Public Offering

Concurrently with the Demutualization, additional Parent stock will be issued through an initial public offering undertaken to raise cash for payment to various categories of policyholders and to replenish Company capital (the "IPO"). Participating Policyholders and the investors in the IPO (the "Public Investors") will be referred to collectively as the "Transferors."

Realignment

The proposed Realignment is designed to clearly separate Company's businesses from one another. As a result of the separation, Company's claims paying rating is expected to increase as a result of its reduced exposure to the earnings volatility of certain non-life subsidiaries. Company will also be able to avoid redundant capital charges necessitated by its current relationship with certain regulated subsidiaries.

The Realignment will consist of the following steps, some of which may already

have occurred:

- (v) Parent will contribute the Company stock to newly formed, domestic Sub in exchange for all of the Sub stock.
- (vi) Company will contribute the stock of FS1, FS2, and the OFsubs to recently formed, domestic IHC in constructive exchange for IHC stock ("Contribution 1").
- (vii) Company will distribute the IHC stock to Sub ("Distribution 1").
- (viii) Company, S1, and Country A "nominee" shareholders (required to satisfy Country A shareholder requirements) will transfer cash to newly formed Newco 1, a Country A corporation. In exchange, S1 will receive voting common stock having at least 80 percent of the combined voting power of all Newco 1 stock. Company and the nominees will receive the remaining voting common stock as well as voting preferred stock. S1 then will transfer the Branch assets to Newco 1 in exchange for the cash contributed by S1 to Newco 1 earlier in this step (viii) and the assumption by Newco 1 of related liabilities.
- (ix) As soon as permitted under Country A and State C law, but not more than 12 months after the Demutualization, S1 will distribute its Newco 1 voting common stock to Company ("Distribution 2").
- (x) As soon as permitted under Country A and State A law, but not more than 12 months after the Demutualization, Company will distribute its Newco 1 stock to Sub ("Distribution 3").
- (xi) Sub will contribute the Newco 1 stock to IHC in constructive exchange for IHC stock.
- (xii) Under State B law, S7 will convert to a limited liability company wholly owned by S2, following which it will be disregarded as an entity separate from S2 under § 301.7701-3(b)(1)(ii).
- (xiii) Under State B law, S9 will convert to a limited liability company wholly owned by S8, following which it will be disregarded as an entity separate from S8 under § 301.7701-3(b)(1)(ii).
- (xiv) LLC1 will distribute cash and the LLC2 shares to S10, and S10 will transfer the shares of LLC1 and LLC2 to newly formed, domestic Newco 2 in exchange for Newco 2 stock ("Contribution 3").
- (xv) S10 will distribute the Newco 2 stock to S8 ("Distribution 4").
- (xvi) S8 will distribute the Newco 2 stock to S7, and S7 will distribute the Newco 2 stock to S2 ("Distribution 5").

- (xvii) S2 will distribute the Newco 2 stock to Company ("Distribution 6").
- (xviii) S2 will transfer the TAMsubs stock to S11 in constructive exchange for S11 stock ("Contribution 4").
- (xix) S2 will distribute the S11 stock to Company ("Distribution 7").
- (xx) S2 will distribute the S12 stock to Company ("Distribution 8").
- (xxi) S2 will distribute the S13 stock to Company ("Distribution 9").
- (xxii) S2 will distribute all of its stock in the Osubs and the FOsubs to Company.
- (xxiii) Company will transfer all the stock of S11, S14, the PAMsubs, LLC3, LLC4, and Newco 2, and all the Division assets, to newly formed, domestic Newco 3 in exchange for all of the Newco 3 stock and the assumption by Newco 3 of related liabilities ("Contribution 5").
- (xxiv) Newco 3 will transfer the LLC3 shares to Newco 2 in constructive exchange for Newco 2 stock.
- (xxv) Newco 3 will transfer the LLC4 shares to newly formed, domestic Newco 4 in exchange for all of the Newco 4 stock.
- (xxvi) Newco 3 will transfer the stock of S11 and the PAMsubs, and all of the Division assets to S14 in constructive exchange for S14 stock and the assumption by S14 of related liabilities.
- (xxvii) Company will distribute the Newco 3 stock to Sub ("Distribution 10").
- (xxviii) Company will distribute the S2 stock to Sub ("Distribution 11").
- (xxix) Parent may acquire miscellaneous assets from Company in exchange for cash or the assumption of Company liabilities.

Representations

The Demutualization

Company has made the following representations concerning the Demutualization and Public Offering (consistent with the characterization of the Demutualization in ruling (1) below):

(a1) Company will issue only voting common stock in the Demutualization.

(a2) The fair market value of the common stock issued by Company to each Participating Policyholder approximately equals the fair market value of the Membership Interest surrendered in exchange therefor. Although there is no market for the Membership Interests, the Commissioner is required by State A law to determine that the consideration paid to the policyholders is fair and equitable.

(a3) Company has no plan to redeem or otherwise reacquire any of the stock issued in the Demutualization.

(a4) Company is not under the jurisdiction of a court in a Title 11 or similar case (within the meaning of § 368(a)(3)(A)).

(a5) At the time of the proposed Demutualization, Company will not have outstanding any stock, options, warrants, convertible securities, or any other right that is convertible into any class of stock or securities of Company.

(a6) Company will continue in Business A after the Demutualization, and Businesses B through F will be continued by members of the Parent affiliated group.

(a7) The proposed Demutualization is a single, isolated transaction and is not part of a plan to increase periodically the proportionate interest of any shareholder or policyholder in the assets or earnings and profits of Company.

(a8) Company or Parent will pay the costs of the Demutualization apart from any expenses incurred by the Transferors, which will be paid by the Transferors themselves.

(a9) Following its conversion to a stock company, Company will be treated under State A law as the same corporation that existed as a mutual company.

(a10) A rounding mechanism will be employed so that the Demutualization will not result in the issuance of any fractional shares in Company.

(a11) It is possible that Participating Policyholders will own contracts that entitle them to stock and also be entitled to policy credits as the result of holding certain pension plan contracts for which policy credits are provided. In general, however, Participating Policyholders will not receive any property other than Company voting common stock in the Demutualization. Other Eligible Policyholders may receive cash or policy credits from Company, as described above.

(a12) All distributions made in the Demutualization, whether of stock, policy credits, or cash, will be received by policyholders in exchange for their Membership

Interests as part of a value for value exchange or value for value redemption. Although there is no market for the Membership Interests, the Commissioner is required by State A law to determine that the consideration paid to the policyholders is fair and equitable.

(a13) No Eligible Policyholder has a Membership Interest in Company that exceeds five percent of the value of all Membership Interests in Company or entitles such policyholder to more than five percent of the total voting power in Company.

(a14) Following the Demutualization, each Eligible Policyholder who will receive cash in the Demutualization in redemption of his, her, or its Membership Interest in Company will own (both actually and constructively under § 318 attribution rules) either no stock in Company or less stock than he, she, or it would have owned if the redemption had not occurred.

(a15) None of the Parent common stock will be issued for services rendered to or for the benefit of Parent in connection with the Demutualization.

(a16) None of the Parent common stock will be issued for indebtedness of Parent that is not evidenced by a security or for interest on indebtedness of Parent that accrued on or after the beginning of the holding period of any Transferor for the debt.

(a17) None of the stock to be transferred is "section 306 stock" within the meaning of § 306(c).

(a18) The transfer is not the result of solicitation by a promoter, broker, or investment house.

(a19) The Transferors will not retain any rights in the Company stock and cash transferred to Parent.

(a20) Parent will not assume any indebtedness of the Transferors in connection with its formation.

(a21) Except for the possible acquisition of Parent debt by Transferors in an unrelated public financing, there is no indebtedness between Parent and any of the Transferors. No indebtedness will be created in favor of any of the Transferors in exchange for transferred property as a result of the Demutualization.

(a22) The transfers and exchanges will occur under a plan adopted and approved before the transaction, in which the rights of the parties are defined (the Plan).

(a23) The exchanges will occur on the same day.

(a24) Parent has no plan or intention to redeem or otherwise reacquire any

stock or indebtedness issued in the Demutualization.

(a25) Taking into account any issuance of additional shares of Parent common stock, any issuance of stock for services, the exercise of any Parent stock rights, warrants or subscriptions, any public offering of Parent stock, and the sale, exchange, transfer by gift, or other disposition of any Parent stock received in the exchange, the Transferors will be in “control” of Parent under § 368(c) immediately after the Demutualization.

(a26) Each of the Transferors will receive stock or other property approximately equal to the fair market value of the property transferred to Parent.

(a27) To the best of the knowledge of Parent, there is no plan or intention on the part of the Transferors to sell or otherwise dispose of any Parent stock received by them in the Demutualization. It is expected that there will be a public market for Parent stock following the effective date of the Plan, and Company or Parent may, pursuant to the Plan, facilitate the creation of such a market.

(a28) Except as described above, there is no plan or intention for Parent to sell or otherwise dispose of the transferred property other than in the normal course of its continuing business operations.

(a29) Parent will not be an investment company within the meaning of § 351(e)(1) and § 1.351-1(c)(1)(ii) of the Income Tax Regulations.

(a30) To the best of the knowledge of Company, none of the Transferors is under the jurisdiction of a court in a Title 11 or similar case (within the meaning of § 368(a)(3)(A)), and the stock received in the exchange will not be used to satisfy the indebtedness of such debtor.

(a31) Parent will not be a “personal service corporation” within the meaning of § 269A.

(a32) No actual exchange of contracts will take place as a result of the proposed transactions.

(a33) With the exception of providing policy credits for certain pension plan-related contracts, the Demutualization will not change any of the contractual terms and/or benefits of the life insurance, endowment, annuity, and other insurance contracts involved, including their face values, insurance in force, borrowing terms, amount or pattern of death benefit, premium pattern, interest rate or rates guaranteed on issuance of the contracts, and guaranteed mortality and expense charges.

(a34) No reinsurance agreements will be entered into as part of the

Demutualization.

(a35) Immediately after the Demutualization, Parent and its direct and indirect subsidiaries will continue to own substantially all of the assets that were held directly by Company and its direct and indirect subsidiaries before the Demutualization.

(a36) For the five taxable years of Company preceding taxable year c, Company (i) was in existence and a member of the affiliated group of which Company was the common parent, (ii) was engaged in the active conduct of the insurance business, (iii) did not experience a change in tax character within the meaning of § 1.1502-47(d)(12)(vii), and (iv) did not undergo a disproportionate asset acquisition within the meaning of § 1.1502-47(d)(12)(viii).

Rulings

The Demutualization

Based solely on the information submitted and the representations made, we rule as follows on the Demutualization:

(1) For federal income tax purposes, steps (i) through (iv) described above will be treated as if the Eligible Policyholders had exchanged their Membership Interests in Company for shares of Company stock, cash, and/or policy credits and then had transferred the Company stock to Parent in exchange for newly issued Parent stock.

(2) The conversion from a mutual life insurance company to a stock life insurance company and the exchange by Participating Policyholders of their Membership Interests in Company for Company stock will be a reorganization under § 368(a)(1)(E). Company will be “a party to a reorganization” under § 368(b).

(3) Company will retain all of its tax attributes following the conversion (see Rev. Rul. 54-482, 1954-2 C.B. 148).

(4) No gain or loss will be recognized by Company on the issuance of its stock in exchange for Membership Interests (§ 1032(a)).

(5) No gain or loss will be recognized by Participating Policyholders on their exchange of Membership Interests for Company stock (§ 354(a)(1)).

(6) The holding period of the Company stock received by each Participating Policyholder will include the period during which the Membership Interest exchanged therefor was held, provided the Membership Interest is held as a capital asset on the date of the exchange (§ 1223(1)).

(7) The basis of each Eligible Policyholder's Membership Interest is zero (Rev. Rul. 71-233, 1971-1 C.B. 113; see Rev. Rul. 74-277, 1974-1 C.B. 88). Therefore the basis of Company stock received by each Eligible Policyholder in exchange for the Membership Interest will be zero (§ 358(a)(1)).

(8) Eligible Policyholders receiving cash for their Membership Interests will recognize gain to the extent the cash received exceeds the adjusted basis of the Membership Interests exchanged therefor (§§ 302 and 1001).

(9) The Participating Policyholders (as to their transfer of Company stock to Parent) and the Public Investors (as to their transfer of cash to Parent in the IPO) will be treated together as participating in an exchange under § 351(a) (§ 1.351-1(a)(3)(i)). As a result, the Participating Policyholders will recognize no gain or loss on their transfer of Company stock to Parent in exchange for Parent stock.

(10) No gain or loss will be recognized by Parent on the receipt of property transferred to Parent in exchange for shares of Parent stock (§ 1032(a)).

(11) The basis of the Parent stock received by each Transferor will equal the amount of cash and/or the basis of the Company stock transferred to Parent in exchange therefor (§ 358(a)(1)).

(12) The holding period of Parent stock received by each Participating Policyholder will include the period during which the Participating Policyholder held its, his, or her Company stock (as determined under ruling (6)), provided the Company stock is held as a capital asset on the date of the exchange (§ 1223(1)).
